Terrace Park High School

Dedication

We, the Seniors of 1956, dedicate our yearbook to Mrs. Gratia Flower Carlton. We are grateful to her for her kindness and unselfish interest in us both as a class and as individuals. We have found her helpful as a teacher and outstanding as a leader in student activities. Luckily, she has never been too busy to help us with our problems, for without her guidance many of our ventures would have ended in failure.

With this dedication, we wish to express our sincere thanks to one who has worked earnestly and has given generously of her time—Mrs. Carlton.

How Many Parts Are You ?

The well-rounded school is similar to a healthy body. It is composed of many parts. Without any one of these parts, neither the body nor the school could function to best advantage.

The backbone is the part of the body which gives the main support. It is needed to hold the body erect and straight. Without a strong backbone things could not be carried out as they should be. In the school, the Backbone is composed of the faculty with Mr. Herron as the chief vertebra, the custodians, the patrol boys, the cafeteria staff, and the student council. They are our leaders who keep us together as an upright and functioning unit.

The body is the major part of every person. In Terrace Park School, it is YOU and all of the other students who make up the Body.

Next, we have the brain, that section of the body upon which all others depend. In school, we should strive to develop the Brain more than anything else. This can be done through regular classroom and outside work and through participation in clubs and activities which serve to increase the interest and information of the students. Over-all proficiency in this field is recognized by membership in Key Club.

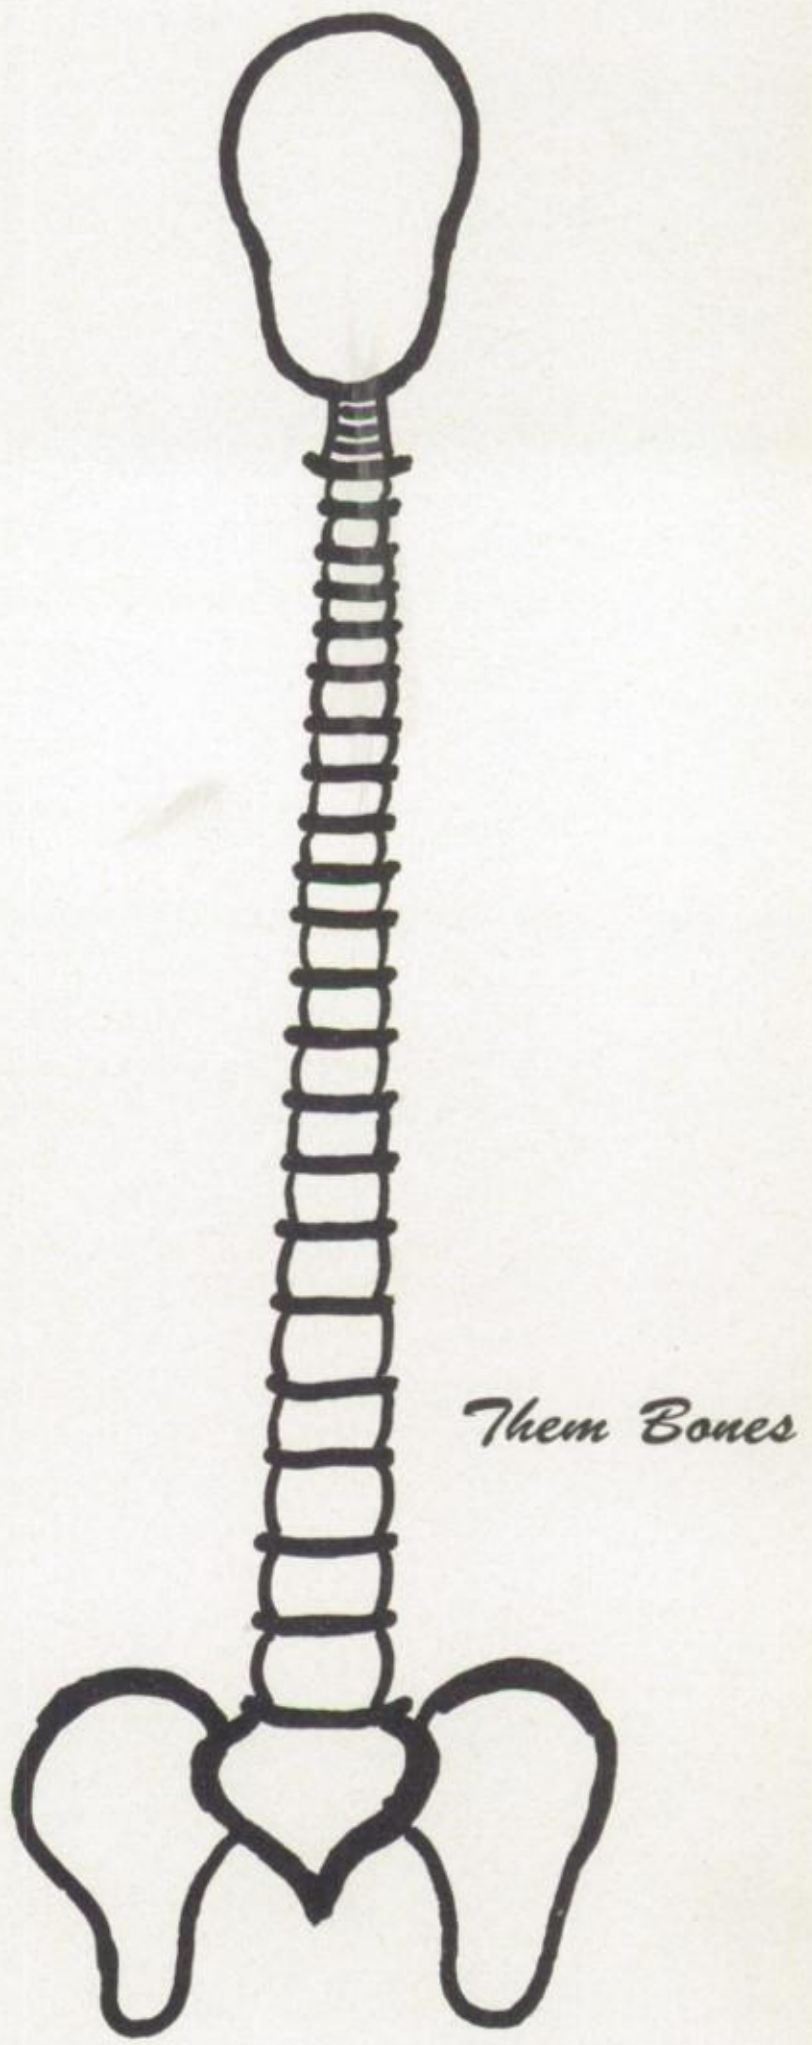
In order to breathe, speak, or sing, lungs are required. Likewise, in a school, the cheerleaders, All-Hi, and the band could be termed the Lungs since they provide the necessary voices and music.

Our muscles keep us moving and provide us with healthy recreation and pleasure. The Muscles serve the same purpose in school through G. A. A. and the many athletic teams.

A body without a heart is no body at all. And a school without a heart is no school at all. The Heart is represented at Terrace Park in the Fenton House, in class plays, in Homecoming affairs, in dances, and in other events which encourage its function.

And now we come to the feet, the things upon which we run. The Annual could not operate without their Feet, consisting of advertisements, the Carnival, concessions, and the Annual Staff. We depend on all these for our support.

Putting all of these important parts together, we have formed a well-rounded individual. With the graduation of each class, your school strives to send forth many such individuals. The students of Today are the leaders of Tomorrow!



Them Bones

All people, young and old, cherish and take pride in things that are their own. A new car, a house, a fishing rod, a bicycle—all have one thing in common; they arouse a feeling of pride in the owner. Yet pride may vanish if a possession is cheapened or ruined by carelessness or neglect. A car that is battered and rusty cheapens its owner, who is responsible for it. Even as there are individual possessions, so are there possessions which belong to a group. Into this category falls our school. In a very real sense our students are the owners, for a school is known by the reputation of its students. If they hold high their pride in their scholarship, sportsmanship, citizenship and conduct, their school's reputation and prestige will grow regardless of its size. Conversely, where pride is lacking in these qualities, the school is cheapened, and its precious reputation is blasted. Low standards of scholarship, poor sportsmanship, and foulness of mind and speech mark not only those who are guilty, but also soil those who permit it in their presence. Such a student body reflects discredit upon its school, blasts its reputation, and in turn is punished by attending a school whose reputation is cheapened.

Terrace Park has always been a proud school, proud in all of its many and varied activities. It is expected that that pride will continue to exist in full measure and for sound reasons. It can never be otherwise.

Richard W. Heron

When you enter the outer office of Mr. Herron's inner sanctuary, you are greeted by one or more of the office staff.

The students of the office staff make announcements, type up and deliver the absence lists, write excuses, and help Mrs. Clark by doing odd jobs around the office. All these jobs help to lighten Mr. Herron's load as Principal. The members of the office staff are Carol Stoecklin, Sara Hoffman, Janice Allen, Lois Clennin, Dave Johnson, Tim Gallagher, Billy Hoeb, and Steve Kipp. Mrs. Clark is their coordinator.

Don't Forget Your Excuse!

David Johnson does the announcing over the public address system during homeroom periods. The other aides call errant students to their classes.

We owe a great deal to the office staff because they give of their time to improve the efficiency with which the school is run.

The watchword of our turbulent era is progress. It is the motivating force of our civilization, the slogan of science, education, and industry. We are the children of progress. We have been hurled into a raging current; and it is not for us to resist and to attempt to stem the tide, for progress moves ahead and sweeps us with it.

Perhaps the most notable progress has been made in the fields of science and industry. We can travel great distances in short times, sit at home in Ohio and watch a show taking place in New York, and, if we wish, wipe from the face of the earth every living thing. Though nations have become more civilized, men have not. Tyrants exist today who control half the world and are no more "civilized" than were the hordes of German barbarians who dashed the Roman Empire to bits. Yet, they have the power to destroy the world.

Once again, civilization and barbarianism are on the threshold of a showdown. It is our generation, the "children of progress," who will decide the issue.

Student Council

The Student Council of Terrace Park has been a most active group. Its purpose has been to help keep the school running smoothly. In order to do this, the following were established as permanent committees, each headed by one Council member: Scholarship Committee; Athletic, Pep Rally, and Homecoming Committee; Public Relations Committee; Finance Committee; Assembly Committee; Student Welfare Committee; Lost and Found Committee; Publicity Committee; Safety Committee; Building and Grounds Committee; Lunchroom Committee; and Handbook Committee.

Besides the work entailed in the committees, Student Council opened the Fenton House as a place for student recreation during the noon hour. Council appointed Bob Lovins and Sonny Flach as Presidents, with Gene Napier and Bob Taylor serving as Vice-President. It has been quite successful under their leadership.

The Council, with the help of the Junior High, sponsored a magazine drive to add money to the treasury. One hundred dollars was given by the Council to a 1956 graduate who desired to attend college. Also, the Council prepared a handbook for students and faculty.

Student Council has tried to provide a better student government, to form better relationships between students and teachers, to raise school spirit, and, above, all, to make students of Terrace Park better citizens. The student body has a Council of which they can be proud. They've done a fine job!

With the approach of the noon hour, all eyes turn toward the clock and usually remain there until the classes are excused for lunch. It is then a race to see who can fill up the empty pit in his stomach first.

Mrs. Hayes, with her friendly smile, is the operator of the lunchroom. Mrs. McGee, Mrs. Klettner, and Mrs. Plank are her able assistants. Their job is preparing, serving, and cleaning up. The good nature and generosity of these women is grand. They always give you a little more when you look EXTRA hungry.

"Safety First!" This is the motto of the patrol boys. Cliff Todd, Tom Murphy, Jerry Fender, Bill Wiebold, Sandy Bibens, Bob Boston, and Jim Menchhofer, with the help of Mr. Leming, insure the safety of students of Terrace Park School. You can count on them whether you come to school by bus, foot, bike, or car.

Buses play a large part in our school life. It is they who bring the majority of us to and from school. Thanks to Mr. Innis, Dolly Tarvin, Mr. Bartles, and Mr. Wiederhold, the students are brought safely to school. Yes, the buses are indeed very important.

LEFT TO RIGHT: Marilyn Cullen, Richard Godfrey, Margaret Winters, Mrs. Robinson.

The library staff, headed by Mrs. Robinson, does a tremendous job with an even bigger smile. They always know where the book is that you want, or where to find the information for your class report. Lucky, indeed, are Terrace Park students to have such a library staff.

Who cleans the blackboards? Who keeps the school warm? Who repairs any damages? Who else but "Scottie" and "Jessie." These two with their student assistant, Dave Black, spend all their time making Terrace Park a better place.

LEFT TO RIGHT: Mr. Reynolds, Mr. Owens, David Black.

LEFT TO RIGHT: Mrs. Rinckenburger, Mrs. Wiley (President), Mrs. Lee, Mrs. Cutler. *NOT PRESENT:* Mrs. Nunn, Mrs. Tooker.

P. T. A. Officers and School Board

LEFT TO RIGHT: Mrs. McDonald, Mr. Heil, Mr. Lloyd (President), Mr. Haveman (Clerk)), Mr. Stollmaier, Mr. Jordan. *STANDING:* Mr. Herron.

The Seniors

The Seniors of 1956 began their final year with the Senior Carnival. The hard work brought good results in the dinner, the booths, and the variety show. The venture proved quite successful.

Two of the Seniors were among the top ten in Hamilton Co. in the Ohio Senior Scholarship Tests. The Seniors were most active in all school activities and events! In the line of travel and entertainment, the Seniors made a wonderful trip to New York.

The climax for the year came with the events of Senior Week, particularly Class Day and Graduation. The Seniors can remember 1955-56 with fond memories!

The Juniors

Throughout the past year, the Junior Class has done many things for which it should be commended. Among these things were the Homecoming Dance, the Valentine Dance, the sale of bookcovers, and the operation of the candy machine. The class play, "Swing Fever," which provided many gay times for all, and equally as many worries for Mrs. Carlton, turned out very well in spite of the occurrence of many unexpected catastrophes.

All of these money making projects helped to finance the Prom, held at the Terrace Park Country Club in honor of the departing Seniors. The success of this event was reward enough for all the hard work put into its preparation.

The Sophomores

The Sophomore Class started off the year with a bang by winning the contest at the Homecoming game with the float, "Tan Their Hides."

Looking into the future towards the necessity of funds for the Junior-Senior Prom, the class became quite active in raising money. They sold shakers at the football games and "iron-on" felt letters, and they collected tax stamps.

Their Christmas dance, "Snow Ball Hop," was most successful. The contest for the best decorated homeroom at Christmas was won by the Sophomore girls.

The class was well represented in sports and all school activities and events. The class of '58 certainly looks great.

FIRST ROW: N. Mead, D. Myers, M. Milford, L. Million, B. Mitchell, L. Moore. *SECOND ROW:* R. Murray, P. Newman, G. Ouzts, M. Pence, P. Perry, C. Richardson. *THIRD ROW:* C. Riedel, B. Sammons, K. The Freshmen

The class, "Mass of '59," began their four year term like "froshies" always do . . . . . eagerly! This can easily be seen in their active participation in all school functions. Freshman names showed up on the rosters of such teams as football, hockey, basketball, track, baseball, and all G.A.A. teams.

Lynn Rhein was queen candidate at the homecoming game and Ben Monhollen and Jerry Massman were entered in the race for the title, Man of the Year.

The Eighth Grade

During the past year, the eighth grade has sold paper to help raise money for their class. Rosemary Leisure served as a representative on Student Council for all three groups. The class brought an end to their careers in grade school on May 31 when they graduated.

OFFICERS OF 8-H: J. Linfert, G. Gillette, N. Butts, S. Heil.

OFFICERS OF 8-R: B. Sasser, B. McDonald, J. Ouzts, E. Popp.

The Seventh Grade

OFFICERS (left to right, bottom to top); Angela Sasser, Secretary; Daniel Kipp, President; Joan Plimmer, Vice-President; Cliff Todd, Treasurer.

The seventh grade has been very active, not only in sports, but also in other school activities. This year the seventh grade has cooperated with the Student Council by taking charge of the "Lost and Found," setting up chairs for assemblies, and taking part in a magazine drive which raised money for Student Council.

Key Club, the honor society of Terrace Park High School, is composed of seventeen students. They qualify for membership through over-all grade average in full credit subjects. Their activities include both social and academic events, such as their trip through the Cincinnati Public Library. This year two of the members have set the highest scholastic record ever achieved at Terrace Park High School.

Roasting in the Latin Club emblem, the Torch, are the following: *(FRONT TO BACK)* S. Hoffman, K. Whitley, L. Heil, L. Terwillegar, M. Stone, M. Milford, T. Tooker, R. Todd, A. Kirby, C. Lindell, C. Latin Club

One of Terrace Park's oldest and most distinguished organizations in *Advocati Latini,* meaning, of course, Latin Club. It is composed of all Freshmen Latin students having a B average or above, second year students, and those juniors and seniors who have been previous members of the club.

Two of the most interesting and exciting events of the year are the initiations. The first one is in the fall. It brings the sophomores in the club. Later in March, the eligible freshmen are admitted. In January the group went to Scotties' Restaurant for dinner and then to the theater. Their money-making project was a bake sale. This club meets monthly at which time they plan their various projects and events.

Language Club

Language Club meets once a month for the purpose of learning more about the customs, the geography, and the people of France and Spain. To aid in the realization of this purpose, the members correspond with other students in Europe. At some of the meetings, films on France and Spain are shown.

Occasionally a guest lecturer, one who has been in Europe, speaks to the group.

In November, the group went first to Caproni's for a "Spanish" dinner and then to a French "cinema."

This club is not only entertaining and educational, but also charitable. In November a Care package was sent to help a needy family in France.

F.B.L.A.

F.B.L.A. OFFICERS, left to right: Elaine Brandenburg, Nancy Richy Sally Roose, Gwen Kennedy, and Kay Morris, President.

The Future Business Leaders of America took pride in the results of the national F.B.L.A. Convention elections this year. Kay Morris was chosen Vice-President. Besides attending the National Convention, many of the members also went to the State Convention in Genoa, Ohio. There, Peggy Grossnickle was elected Vice-President.

The activities of the club included the annual Christmas party, a field trip to the Federal Reserve Bank and the Long Line Telephone Company, the Chili Supper, and the sale of fudge on "Fudge Day".

For projects, F.B.L.A. sold savings stamps and sponsored the school census. The last event of the year was one which seldom fails to please . . . . . a picnic.

The Dragons

The Dragons are one of the most exclusive clubs of the school. This year there are seven members. The President's title is Chief Dragon. All of the other Dragons are Vice-Dragons. In order to be a Dragon, one must take physics and be a member in good standing.

The Dragons have been very busy this year. Their field trips have included Proctor and Gamble, Kahn's Meat Packing House, Cincinnati Water Works, New Richmond Power Plant, Cincinnati Milling Machine, Armco, the Fischer Body Plant, and the Ford Plant.

It was due to the effort of the Dragons that Fenton House could open since it was they who were responsible for its cleanup. The Dragons also sponsored the Smile-at-Kipp Contest and the Dragon Miss Contest.

The title for this active group developed from their true title, the Development and Research Association for General Observation of Nuclear Science. And there you have—the Dragons.

BULLDOG PHOTOGRAPHERS: M. Kocar, P. Lloyd, S. Hoffman, A. Kirby, T. Tooker.

Under the supervision of Miss Evelyn Dixon, the Bulldog staff enjoyed a very successful year. The staff put forth ten complete issues of *THE BULLDOG.* They were also able to reduce the amount of time necessary for editing the paper; therefore, the readers were supplied with up-to-date news and a more interesting paper. The staff also attended conventions and conferences in order to improve their journalistic abilities.

Under the jurisdiction of Student Council, the staff published a student handbook. It was the first handbook published since 1949. This was not an easy undertaking; but it was well worth the effort!

All in all, the Bulldog staff experienced a year full of both work and pleasure.

Science Club

As you all know, previous Science Clubs have not succeeded very well at Terrace Park. However, this year the new science teacher, Mr. Carmack, decided the Club was going to be a success. It was organized February, 1956; and its first meeting was in March.

The purpose of this club is to further the scientific interest and knowledge of those in the organization. This year, the purpose was accomplished through laboratory experiments and field trips to the Indian Hill Water Works and the Gas & Electric Company.

Some chemistry students prepare an experiment for Science Club.

All High and Mixed Chorus

The All High group was very large this year. Due to the schedule it was difficult for both groups to get together often; but they did manage to take part in the Christmas Program, the Variety Show, and many enjoyable singing sessions.

The Mixed Chorus was a new addition to the Terrace Park curriculum. The group, though small this year, has big plans for the future. It provided wonderful music in the Easter Program and the Variety Show.

The Terrace Park School Band

Terrace Park at last has a band of which it can be proud. The organization has improved and grown immensely during the last year! The Music Boosters Club, which is made up of the All-hi and Band mothers, has assisted the Band in several ways. Their main project was to earn enough money to buy the new attractive red and black uniforms. The 147th Infantry of the National Guard also aided the Band with the donation of some instruments.

Mary Louise Houser, the youngest member of the Band, served as mascot as well as majorette. The other majorettes were Judy Werth, Peggy Kocar, Lynn Heil, Sylvia Johnson, and Judy Anderson. Ruth Todd was student Band director.

The band played at basketball games and pep assemblies. They participated in High School Band Day at the University of Cincinnati.

The climax of the year was the banquet in April when awards were presented. All who were a part of the Marching Band received letters. Those in the Beginner's Band received small awards also. The award presented to the most promising young musician of the grade school was Ronnie Beschmann. The Attitude Award went to Carol Wiebold. Dave Black received a letter for being an outstanding band manager. This was the first Band Banquet and it was most successful.

FIRST ROW: B. McHugh, P. Halbauer, M. Whitley. *SECOND ROW:* C. Jerden, L. Rhein. *THIRD ROW:* D. Butts.

Terrace Park to thee we raise,
This our hymn of love and praise.
Laud and honor now proclaim
Alma Mater to thy name.
Thou has shown us wisdom's light,
In thy glory we unite.
We raise our banners to the sky,
Hail to thee, O Terrace High!

G. A. A.

G. A. A. stands for Girls Athletic Association. Mrs. Holloran, Mrs. Uhling, and the G. A. A. Board are its official organizers.

G. A. A. is composed of two teams Red and Black. They compete throughout the year. working toward a coveted trophy, which is awarded to the team with the most points at the end of the year. Individual points, as well as team points, are awarded for participation in the various activities. These awards for individual achievement and sportsmanship are presented at the Mother-Daughter Banquet in May.

The girls' program includes hockey, horseback riding, basketball, bowling, swimming, playdays, volleyball, baseball, and several social activities. G. A. A. helps its members to become well-rounded individuals.

Football Team

Our football team's record this year was one of those that should not go beyond this book. You've heard of the "bulldog's bite." Well, the bulldog this year had sore gums.

We started the season just as we do every year. Our boys traveled to Milford to give them their traditional beating. The next week we played Taylor. To Taylor that game was just like the Milford game was for us. The following week Colerain beat us. By this time we were pretty mad, so we went up to Madeira and "whalloped" them. By this time we should have realized that we were following a pattern: one win, two losses, one win, two losses. If we *had* realized this sooner, we could just have practiced for every third game. After our victory over Madeira, we we were visited by a gang of midgets from Mt. Mealthy who got lots of practice in the hundred yard dash. The following week gives a good example of the fore-mentioned pattern. We were favored over Anderson—but we were beaten. This made two losses in a row. The next week we were scheduled to play Indian Hill, one of the top teams in the league. The odds were 100-1 for Indian Hill; but after all, we did have a pattern to follow. So we beat them. The next week we were in high spirits as we traveled to Sycamore. But we should have known! We lost! And, of course, we lost our last one to Harrison. And so ended our season. It was not the fault of the coaching or of the team that we lost two out of three. No team could ask for better coaches. And the team as a whole tried their best. We can ask for no more. (Written by Godfrey, the roving reporter.)

Varsity Basketball

The basketball team this year worked hard even though the season ended with seven wins and eleven losses.

In the Indian Hill Holiday Tournament we came in third and received a trophy for our efforts. In the Class B County Tournament we were seeded second, but lost our first game to Madeira by two points. The starting five were backed up by a good bench and an energetic cheering section. Altogether we had a fair season in basketball.

Reserve Basketball

Mr. Rutenschroer coached the Reserve team this year. This season the reserves played a total of sixteen games, winning eight of them. They had no outstanding player, but they proved to be a team which could work well together. "Big Ben" Monhollen, Bob Murray, Don Fender, Tom Daily, and Bob Davidson were the starting five. Teamwork was outstanding in the Reserve team.

Junior High Basketball

Although the junior high basketball team got off to a slow start with two losses, they soon picked up and won their next six games. Then their victory string ended with the hard-fought tournament game with Sycamore. The boys developed into a good team. They should be a big asset to next year's Reserve team!

Baseball Team

Our baseball team was somewhat inexperienced at the beginning of this season; but with the able coaching of Mr. Rutenschroer, the boys held their own against other schools. They had a rough schedule this year, playing Elder, one of their stiffest competitors, twice.

In the spring, the good morale of the team was evident in their hopes for the County Championship and, perhaps, even the District Championship.

The following boys made up the starting line. On the mound could be found these five pitchers who alternated in helping the team to victory: Bill Bohl, Lonnie Moore, Dave Kipp, Bob Lovins, and Don Fender. Behind the plate was Bob Davidson; first baseman, Tom Daily; second baseman, Bob Johnson; short stop, Tam McDonald and Lonnie Moore; third baseman, Bill Murray; left field, John Rockaway; center field, Sonny Flach; and right field, Bob Fox.

At the right are the scores for the games played before May 1. The team really felt that they were going places this year and had great plans of making it as far as Columbus for the State Championship game.

The Annual couldn't wait to find out if they made it before it went to press; and so, regretful as we are for our lack of knowledge, we are forced to leave you to do your own scouting for results.

Track Team

This year the Track Team, under the supervision of Mr. Reece, received many honors for Terrace Park. At the County Track Meet at Harrison High School, the Varsity Team ranked fourth in the County, and the Reserve ranked second in the county. Sonny Flach registered first in the 100 yard dash. The 880 relay team made up of the fastest runners, Sonny Flach, Tam McDonald, John Rockaway, and Bill Bohl, came in first. Bill Murray was second in pole vault. Bob Davidson came in second in the shot put.

In the Junior division the mile relay came in fourth. Wayne Ford received first in the half-mile race. Tim Gallagher was first in the discus. Bob Davison was first in the broad jump. The 880 junior relay team of Wayne Ford, Bob Davison, Jerry Massman, and Don Fender also scored a first for us.

Terrace Park won the Quadruple Meet at Madeira High. Mr. Reece and his teams certainly did a fine job. Don't you agree?

Homecoming

The crowning of the Homecoming Queen was naturally the high point of the Homecoming game. Certainly it was a high point in the life of Connie-jo Jerden, too, for she was the proud bearer of the title "Queen." Her attendants were Doris Butts, Pat Halbauer, Betty Taylor, and Lynn Rhein.

For the second year in a row, the sophomores won the award for the best float which was entitled "Tan Their Hides."

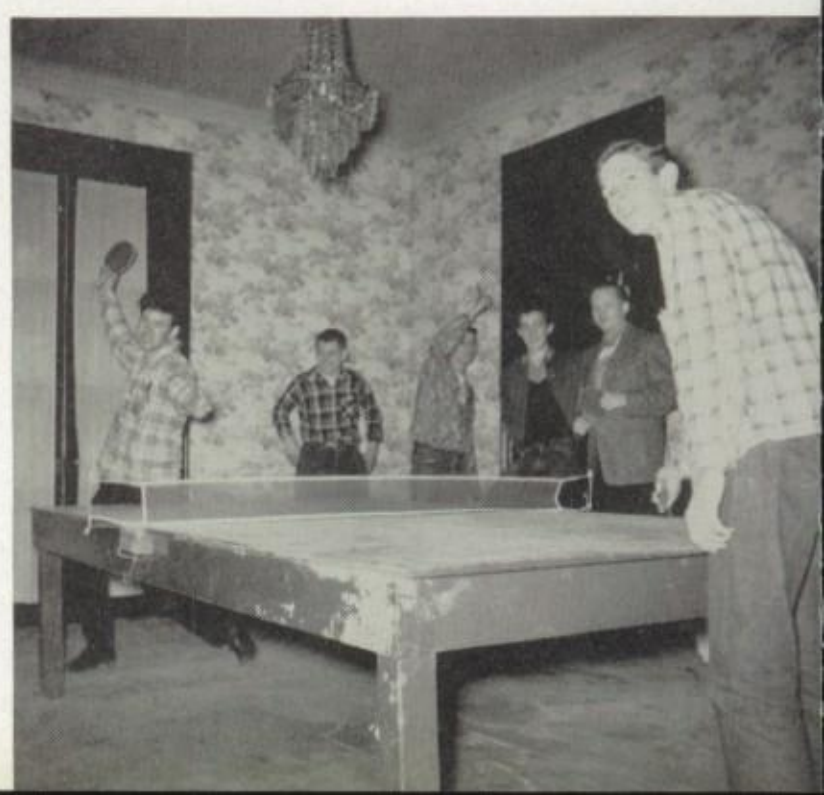
The Fenton House

The Fenton House proved to be a very useful addition to the school. For the better part of the year it was open for noontime recreation to all students. This helped to relieve the congestion of the school halls which had previously been jammed with students who had nothing to do. The Dragons and the Fenton Club presidents, Sonny Flach and Bob Lovins, and their vice-presidents, Bob Taylor, and Gene Napier, saw to it that such things as ping pong, card games, records, and other recreational facilities were made available.

In the early part of April, the Fenton House closed its doors to recreation only to serve another purpose—that of a temporary cafeteria. This necessity was well timed because people didn't seem to mind spending their noon hours out-of-doors when spring rolled around.



Junior Class Play

After weeks of working on their production, "Swing Fever," many Juniors still had visions of playing to an empty house. It seemed that they were being burdened with more than their share of drawbacks. This is probably the feeling of every cast, so they were no exception. The amazing thing was that all parts were learned by the night of the play and the house was packed with a well pleased audience. Nice going, Juniors!

Senior Carnival

Each year the Senior Class sponsors a carnival, under the direction of their class advisor, Miss Gallagher. The senior mothers prepared a delicious roast-beef dinner. Mr. Tate followed this with a Minstrel Show by the grade school. Along with the colorful booths, funny clowns, and general hum-drum of the occasion, there was the raffling of a high fidelity record player. Mrs. Jerden offered abundant ideas and helped in the preparation of our successful carnival. All the work that goes into such an event is the seniors' gift to the Annual, for the proceeds are used in the book's production. Thank you, seniors, parents, and all contributing participants for making our carnival a success!

When he buys his first car...

The growing boy of today glories in the smooth-running performance of his Dad's modern car. But — he knows that the first new car he buys a few years from now will be an even finer product. We at Aluminum Industries share that youth's pride of today and vision of tomorrow. Through the years, we have worked with automotive engineers in supplying pistons and valves that deliver the performance demanded by constant automotive advancements. Better cars, better homes, better achievement in all lines — such worthy incentives keep America on the march! Naturally, you young people will not only enjoy the better products of tomorrow, but will contribute of your knowledge and your skill to bring them into realization. You have much to look forward to.

Class Day—1956

The Hicks of '56 made their last public appearance *en masse* on Class Day, June 1, 1956. At this time the yearbook, The Terrace Parker, was dedicated to Mrs. Gratia Flower Carlton. David Kurtz read his Valedictorian speech, and the Key of Leadership was presented to Bill Bohl by Carol Stoecklin.

The Seniors dressed as "Hicks" and acted as "Hicks" while they sang various appropriate songs.

Bob Haley read the Class Prophecy, Jeanine Dutlinger related the history of the illustrious class, and John Perrine delivered the Last Will and Testament.

A Graduate—A Well Balanced Person

The twenty-second Senior Class graduated from Terrace Park School on June 7, 1956. This event marked the climax of 12 years of study and preparation for life.

Seniors have had the opportunity to grasp knowledge, experience, and friends, throughout their school years. Extra-curricular activities have been available. With these numerous advantages, the Seniors have tried to be a well-rounded group, as well as trying to be well-balanced individuals.

A well-balanced individual cannot have an overly active Brain; nor can one be all Muscle. There must also be sufficient amount of Heart and Lungs. All of these put together in the *right* quantity will make anyone a WELL-BALANCED INDIVIDUAL.
